

## WHY IS NUTRI-DEFENSE™ SO IMPORTANT FOR MY POND'S HEALTH?

Nutri-Defense™ has three unique characteristics. First, it binds and sinks free-floating microscopic problem causing nutrients. Second, Nutri-Defense™ promotes Pond-Clear™ and other natural beneficial bacteria to further break down the nutrients. Third, Nutri-Defense™ can also be used as a natural flocculent, settling the larger particulate out of the water column, leaving your pond clean and clear.

### HOW TO APPLY:

**DO NOT** open packets. Packets are to be applied directly to the water. Distribute packets from shore or boat. Nutri-Defense™ Packets work best when evenly disbursed across the body of water.

### WHEN TO APPLY:

In general, two Nutri-Defense™ applications are sufficient for season-long effectiveness when used as part of the 4-Step Eco-System™. Nutri-Defense™ can also be a useful tool after heavy rainfalls, fertilizer applications, or after a chemical application to absorb nutrients from rotting vegetation. When this is the case, follow murky water dosage rate.

### QUICK DOSE CHART

Pond Size (surface acre) Application	Dosage Rate (Monthly)	
	Regular Treatment	Murky Water
Up to 1/4 acre	12 packets	48 packets
Up to 1/2 acre	24 packets	96 packets
Up to 3/4 acre	36 packets	144 packets
Up to 1 acre	48 packets	192 packets

When using with Pond-Clear™, Nutri-Defense™ should be used during the 1st & 3rd Pond-Clear™ applications, allowing 4 weeks between treatments.

### WATER USE RESTRICTIONS:

Nutri-Defense™ may be applied to lakes and ponds used for irrigation and aquaculture. Water treated with Nutri-Defense™ may be used for fishing, swimming and/or irrigation immediately after treatment. Do not use in water that will be used for human consumption.

### STORAGE AND HANDLING:

Keep product in original container and closed when not in use. Store in a cool, dry place. Nutri-Defense™ Packets may be frozen with no adverse effects and have a 5-year shelf life. Wear rubber gloves when handling.

### ATTENTION:

Failure to use as directed, or sudden changes in water conditions not consistent with label, may result in the loss or injury of aquatic life. Airmax® Eco-Systems, Inc. is not responsible for any loss of aquatic life.

### KEEP OUT OF REACH OF CHILDREN

Avoid dust inhalation. Avoid contact with skin, eyes and clothing. Wash with soap and water after use.

## 4-Steps to the Perfect Eco-System™

### AIRMAX® AERATION

Clean and clear water column  
Elimination of thermal stratification  
Reduced sediment  
Stronger and more productive fish population

### POND-CLEAR™ DEFENSE PACKETS

Naturally Improves Water Clarity through the Reduction of Nutrients  
Easy to Use Water Soluble Packets  
Reduces "Mucky" Bottoms & Noxious Odors

### NATURE'S BLUE™ S.C. DEFENSE™ POND DYE

Beautifies Your Pond With a Natural Blue Color  
Ready-To-Use Quart Equal to One Gallon of Regular Strength Pond & Lake Colorants

### NUTRI-DEFENSE™

Binds Phosphates Clearing the Water Column  
Promotes Natural, Beneficial Bacteria  
Easy to Use Water Soluble Packets

**NUTRI  
DEFENSE™**  
Natural, Safe, Eco-Enhancer
